SKOA ta haci peticion na mayornan pa cumpli cu tur rekisito prome cu fin di aña escolar

SKOA a rek e periodo di areglo di pago y facilita e proceso di pago pa mayornan no mester bin te na oficina pa haci peticion pa areglo, por haci esey awor online. Ta pidi tur mayor pa tene na cuenta pa cumpli cu tur rekisitonan necesario prome cu fin di aña escolar pa tur cos cana debidamente y alumno no perde cupo.

Anuesca Baly, Director di SKOA ta informa cu aproximadamente tin un 20% di areglonan cu ta habri cu no a paga. Esaki den pasado tabata pio segun e directora ta remarca, aña pasa tabata tin 687 areglo di pago y di esaki a keda aworakinan aproximadamente 275 habri di mayornan cu no a cumpli of a priminti di bin anto no a bini.

SKOA ta bisa semper cu areglo ta wordo haci, nan ta haci prome pago y despues nan no ta bini mas pero comunicacion ta esencial. Por manda un email via finanzas y portanan di SKOA semper ta habri segun Sra. Baly, "semper ta contesta e mayor pa busca un solucion pa e problema ora cu no por paga."

E aña akinan a cuminsa cu reinscripcion poco laat unda cu normalmente ta haci e na final di Maart. Areglonan di pago ta cuminsa normalmente un aña adelanta pues mayornan semper por haci peticion pa areglo di pago for di prome di Maart, anto e ta bay te cu e siguiente aña. E aña aki a cuminsa cu inscripcion di Kleuter prome di December, e di dos grupo ta muchanan di Kleuter bayendo Eerste Klas tambe peticion pa inscripcionnan a cuminsa for di 1 di April mayornan por a haci nan escogencia online y tambe via di e scol.

Despues tin e parti di reinscripcion, y un di e factornan importante segun SKOA pa mayornan cu ta haci reinscripcion: Tin dos motibo pa kico ta pone den e manera akinan. E prome motibo ta pasobra hopi biaha e muchanan a verhuis memey di aña escolar of number di contacto a cambia pues mester haci e peticion un bes mas. Pero tambe ta importante cu mayornan cumpli cu tur rekisito, manera pago di aña escolar pa nan por bay e siguiente aña escolar y tambe pa por haci nan peticion pa areglo. Mayor via di SKOA ta haya practicamente casi 1 aña pa cumpli cu su areglo di pago, generalmente pa schoolgeld pero tambe na e scolnan pa loke ta aircogeld. Si mayornan no a cumpli cu tur rekisito, na final di aña escolar 8 di Juli mayornan lo ricibi carta di uitschrijving di alumno.

SKOA ta tuma na cuenta cu si e mayor no a reinscribi e alumno ta pasobra no ta desea pa su yiu ta na un scol di SKOA mas. P'esey ta urgi tur mayor pa cumpli cu tur rekisito prome cu dia 8 di Juli, eigenlijk prome cu dia 7 di Juli pasobra dia 8 ta ultimo dia unda nan lo haya e carta pa alumnonan no keda sin cupo. "Nos deber di parti di SKOA como un institucion cu ta brinda enseñansa ta e siguiente stap, tur mayor cu haya un carta di uitschrijving nos ta duna e nombernan aki na Bureau Leerplicht pasobra Leerplicht ta pa e mayor, no necesariamente pa e institucion," sra. Baly ta splica. Muchanan mester keda na scol te cu edad di 17 aña ta Leerplicht y esaki ta parti di e banda cu SKOA ta cumpli cune.

Hopi bon comunicacion cu Departamento di Asuntonan Social

Si mayor tin un cuenta habri of atrasa, e no ta haya un peticion nobo. Ta pidi y urgi tur mayor pa no warda te ultimo momento, Schoolgeld y Aircogeld mester a wordo cumpli caba for di fin di Maart. Esunnan cu a haci peticion pa areglo a haya esaki segun SKOA, no ta nenga ningun mayor areglo di pago pero mester cumpli cu esaki. Den e ultimo añanan SKOA tin hopi bon comunicacion tambe cu Departamento di Asuntonan Social cual ta yuda hopi mayor cu ta ricibi uitkering etc.

"Nos ta urgi mayornan, nos ta comunica cu DAS y nan tambe ta comunica cu nan clientenan, pa si nan no cumpli nan tambe lo wordo acerca pasobra e placa ta pa scol y no pa uza pa otro cosnan cu no tin di haber cu scol pa cu e alumno," segun Sra. Baly. Door cu tin e bon comunicacion aki, mayornan ta bay tuma nan responsabilidad y cumpli cu locual ta nan deber. Ta den tramite pa finalisa Sociale Fonds cual segun SKOA no ta full cla ainda lamentablemente pero pa e aña escolar nobo lo kier tin esaki estableci.

Prome minister Evelyn Wever-Croes tocante aumento di casonan

"Nos no tin e base legal pa impone medidanan pa Covid-19 aworaki"

Ayera mainta, prome minister Evelyn Wever-Croes a duna un conferencia di prensa pa trece dilanti diferente topico, entre nan e situacion di Covid-19, cu a bira preocupante pa aumento di casonan positivo. Manera el a sigura, cu un persona so den unidad di cuido intensivo nan no tin e base huridico pa implementa medidanan pa evita e plamamento di e virus.

E cifranan di diabierna ultimo a mustra cu te e dia ey tabatin 701 caso activo unda cu 10 persona tabata interna na hospital, 1 di nan den unidad di cuido intensivo y a registra 3 fayecido.

Den un siman e casonan positivo a redobla, manera prome minister a sigura, y tin un averahe di 134 caso pa dia, loke ta nifica cu e tasa di positividad ta di 46%, motibonan "cu tene nos preocupa"; pero e situacion ainda ta bao di control manera el a comenta.

Sinembargo pa via di aumento di casonan, den nomber di Crisis Team nan ta alerta comunidad pa tuma e pasonan necesario pa reduci e transmision di Covid-19. "No warda gobierno bin cu medidanan pa cuida bo. Legalmente cu un persona so den intensive care nos no tin e base legal pa impone medidanan pa controla y parti boet si hende no ta cumpli cu nan", prome minister a sigura.

Debi na e cifranan, gobierno tin e preocupacion cu esnan cu ta den e grupo di 701 caso activo, e edad ta di 40 pa 50 aña cu no ta wordo considera ta un edad hopi halto ni den riesgo. Pero di otro banda, e edad ta bahando unda cu por yega na hoben y muchanan cu por wordo transmiti e virus na adulto, specialmente na esnan mas vulnerabel di salud.

Pa reduci e cantidad di caso, prome minister a haci un peticion na comunidad pa sigui cuida y evita sitionan cu tin aglomeracion di hende, principalmente si ta espacionan paden. Tambe ta recomenda pa evita tin contacto cu personanan cu por ta malo y por tin sintomanan di Covid. Si un persona tin sintomanan por fabor keda cas y solicita un test di Covid-19.

Pa loke ta trata vacunacion, 80% di e poblacion di Aruba mayor di 18 aña a wordo vacuna. Pero referiendo na e booster shot of tercera dosis, di esnan riba 60 aña solamente 54% di nan a wordo vacuna, unda cu por mira cu te ainda tin espacio pa por mehora. Esnan cu te ainda no a haya nan vacuna por acerca na Departamento di Salud Publico durante oranan di trabao sin cu mester solicita un cita; Mobile Unit no ta disponibel mas segun prome minister a declara.

Ta berdad cu hopi hende no ta birando malo y ta bayendo hospital, pero loke nan ta mira ta cu si cada biaha e edad ta bira mas hoben of ta afecta e grupo mas grandi den comunidad, "e ora si nos ta bay haya nos cu un presion hopi grandi y nos kier evita esey. E riesgonan ta bay aumenta cu e cantidad di 701 y ta bay aumenta den esnan mas vulnerabel den nos famia", Wever-Croes a finalisa.

Ciere di frontera cu Venezuela ta wordo prolonga cu 6 siman

Dia 8 di juni e prolongacion ta drenta na efecto.

Gobierno di Aruba ta anuncia cu frontera entre Venezuela y Aruba ta keda cera pa 6 siman mas. E ciere cu Venezuela ta wordo prolonga regularmente a base di un decreto desde 2019 momento cu Venezuela unilateralmente a cera frontera.

Prome Minister Evelyn Wever-Croes a duna di conoce cu Gobierno di Aruba a dicidi di prolonga ciere di frontera cu 6 siman mas pa motibo cu no ta kere cu ta prudente awo pa habri e fronteranan. Aruba ainda no a recupera di e efectonan hopi devastador di Covid 19. Hopi ciudadano no a yega na e nivel di nan entrada prome cu Covid. Esaki ta un motibo pa cua a dicidi di mantene e fronteranan cera mirando tambe cu den pasado, debi cu e fronteranan tabata habri, hopi Venezolano a drenta nos pais y no a bay mas.

Sinembargo, Gobierno di Aruba ta contemplando si pa habri e frontera maritimo pero bao condicionnan hopi estricto. Entre otro, solamente cierto material so por wordo transporta for di Venezuela pa Aruba. Condicionnan cu lo wordo anuncia pa asina tanto autoridadnan Venezolano y Arubano por controla prome cu e barco sali y yega. Un barco cu viola e condicionnan aki, entre otro si trece productonan cu no ta permiti of trece personanan sin status legal na Aruba, ta wordo prohibi pa drenta wafnan di Aruba.

Prome Minister a duna di conoce cu e condicionnan aki ya a wordo negocia den pasado. Gobierno di Aruba ta purbando pa haya e Gobierno di Venezuela na mesa pa yega na e palabracionnan aki pa mira cu sikiera por yega na habri pa transporte maritimo. Di e manera aki por importa productonan na prijsnan mas abao for di Venezuela bao di e condicionnan estricto.

Autoridadnan Venezolano, lamentablemente, Prome Minister a indica, no ta mustra mucho interes pa e topico aki. "Di parti di Aruba, nos lo sigui haci nos esfuerso maximo pa e apertura maritimo pa solamente importacion di productonan por bira posibel pa awo".

Prome Minister a indica cu den un fase mas adelanta, lo sigui evalua e momento oportuno pa habri frontera pa vuelonan directo entre Aruba y Venezuela. Na e momentonan aki, vuelonan pa Venezuela por wordo realisa via otro paisnan entre otro Panama, Republica Dominicana y Colombia. Tambe, den Reino Hulandes tin e exigencia di visa pa ciudadanonan Venezolano drenta Aruba.

WEVER-CROES NORM

Wever-Croes Norm ta un ley cu huridicamente ta yama Landsverordening normering topinkomens (LMT), un ley cu ta bin pa un maximo di salario di directornan di sector semi-publico, companianan estatal di gobierno cu no ta departamentonan gubernamental.

Asina a splica prome minister Evelyn Wever-Croes ayera durante un conferencia di prensa, unda el a sigura cu e ley aki a bira mas actual pa motibo cu Gobierno di Hulanda a pone esaki como un condicion pa nan por paga e empleadonan publico back e 5% cu nan kier paga entrante luna di juli di e aña aki.

Segun el a expresa, nan a realisa cu na Aruba tabatin cierto compania estatal cu tabatin nan directornan ganando salarionan hopi halto. Pueblo a indica cu esey no ta husto, cu prijsnan di utilidadnan ta subi, siendo cu salarionan di directornan ta hopi halto. Y ta p'esey cu a bin cu un ley, caminda prome minister a bisa cu ya caba tabata existi un ley asina na Sint Maarten y Hulanda, manera el a compronde.

Wever-Croes a comenta cu mester stipula un maximo di loke ta wordo yama e 'top funcionaris', cu ta trata di directornan of esnan cu a haya e management di un compania, cu ta bin cu un cifra maximo pa ontslagvergoeding ora ta trata di un director cu ta wordo retira y tin cu pag'e un suma te un maximo di 12 luna cu hasta 78.000 florin. Di esaki, prome minister a conta cu el a haya den su ministerio directornan cu tabatin ontslagvergoeding cu a bira hasta 3 miyon florin. "Esey ta abuso y cu e ley aki e abuso ey ta pasa pa pasado".

Awor e maximo di e salario, nan punto di salida ta e salario di un minister y riba dje nan ta indica cu e persona por gana mas cu un minister te na un 30% mas, loke ta nifica cu ta 130% di e salario di un minister of minister presidente. Ora nan a calcula esaki nan a yega na un cifra aproximadamente di 261.000 florin pa aña.

Aparte, prome minister a bisa cu nan a hinca algun elemento den dje debi cu nan a haci un nulmeeting y di e diesdos compania of instituto semi-publico cu a participa den e nulmeeting aki, den e lista aki nan no a publica e nomber di e 12 persona, pero si nan a pone loke ta nan salarionan bruto pa aña cu ta varia, pa motibo cu tin diferente instancia.

Ademas, el a declara cu ora nan a dicidi di implementa e norma aki, un entidad so ta cay bao di dje, unda cu ta cuminsa cu 249.375 florin pa aña hasta 694.984 florin pa aña cu ta di un director. Kiermen di 40.000 pa 50.000 florin pa luna, 4 of 5 biaha mas halto cu un minister. "Esakinan loke pueblo a indica, cu nos mester bin cu un orden den e desorden aki", el a bisa.

Ora nan a presenta e norma di 261.000 florin, manera el a indica caba, un di nan so a surpas'e na unda nan a investiga di manera mas profundo y a bin e ora cu un proposicion di pone e krans na 410.000 florin, cu algun di nan so a sali di dje. Sinembargo, "Hulanda a bisa no y mi ta pone cu mester ta 261.000 florin", esaki a ser poni como un di e condicionnan pa Aruba por haya sosten di likides y tempo aya, unda cu Aruba tabata den pleno pandemia di Covid-19.

Ademas, el a señala cu si e companianan y institutonan aki ta paga menos salario, haci nan mas normal pa Aruba, nan tin mas ganashi y gobierno ta haya mas dividendo, cu e placa aki no tin mester di presta placa di Hulanda of di otro instancianan pa cubri e gastonan, esey ta e ciclo cu tin segun minister presidente a expresa.

A pesar cu e Wever-Croes Norm no ta den ley ainda, pa motibo cu na e momentonan aki ta den parlamento, e companianan estatal bao di ministerionan anterior di prome minister ta cumpli cu esaki, el a sigura cu ta WEB, Elmar y Utilities.

Nos mester di mas...
Entidad estatal 'autonomo'...?

Fuera di e temanan candente den e conseho di CAft riba presupuesto 2022, tabatin algun aspecto importante cu a haya atencion tambe, pero talvez no a bin dilanti asina fuerte den e debate publico. Ta trata di e hecho cu ainda gobierno ta lidia cu varios empresa estatal cu no por sobrevivi sin subsidio di gobierno, loke ta pidiendo pa un maneho claro a largo plazo di kico ta bay haci den futuro cu esakinan. Ta trata di Serlimar, Arubus NV y Post NV. Bao di e capa di Arubus ta cay tambe Aruparking NV, y bao di Setar tin TeleAruba, cu tambe ta requeri atencion.
Di otro banda ta resulta cu tin diferente departamento gubernamental cu gobierno ta considera transforma den entidad riba nan mes, es decir como persona huridico, sea como NV, fundacion o entidad sui generis. Escogencia di e tipo di entidad na e momento aki no ta asina relevante, pa esey mester evalua y huzga cada caso riba su mes. Loke ta importante na e momento aki ta e analisis y evaluacion di cual caso tin sentido pa haci e transformacion y cual no.

Pero pa cuminza e casonan existente di entidad no solvente. E caso di Serlimar ta bon conoci y comenta. Mester bisa cu huez a tuma e decision corecto pa prolonga e 'surseance van betaling' loke ta duna e entidad mas tempo pa keda cla cu su acreedornan. No mester lubida si cu e acreedor principal ta gobierno mes, unda e mal maneho di e empresa mes, bao di influencia politico di diferente gobierno, a conduci na e situacion den cual e empresa ta. E interogante grandi ta kico exactamente ta e plan di gobierno pa Serlimar. E punto di salida ta mas cu cla: si no ta yega na un areglo unda e empresa por logra cobra gran mayoria di su usuarionan, anto nunca Serlimar por yega na un situacion di solvencia, pasobra su fuente mas importante ta e cobranza di e diezmiles di usuario. Y esaki no ta logra nunca sin paso drastico cu... ta causa dolor politico. Atrobe miedo electoral ta parce di ta dicta loke finalmente ta haci o keda sin haci.

E casonan di Post y Arubus ta keda un problema no facil di resolve. Di Post ta conoci cu mundialmente desaroyo den comunicacion a trece cambio drastico den e 'business model' di servicio di post, pero fuera di e subsidio anual no ta mira tampoco un escogencia final a largo plazo, unda ta reconoce cu Post mester keda pa cierto servicio indispensable, y ta subsidia esaki. Cu e condicion si cu ta vigila estrictamente kico e compania ta haci y ta limita su mes na su tarea primordial. Como cu comunidad nunca tin un vista riba kico ta pasa den entidadnan estatal cu ta opera bao di secretismo decreta politicamente, ta imposible pa bisa algo sensato di nan situacion.
Arubus ta otro caso, pasobra transporte publico na Aruba tin un problema grandi pa cual no tin solucion. Esey ta e hecho cu a permiti urbanisacion plama riba gran parti di e isla, alrededor di 90 pa 100 km2 ta area den mas o menor grado pobla, loke ta haci imposible, cu un clientela chikito, no mas di 120.000 habitante di cual un gran parti no ta haci uso di transporte publico, pa organiza transporte publico suficiente y cu bon cobertura di e isla. Nos sa cu semper tin e consehonan di exterior pa obliga e compania pa yega na solvencia, y semper ta keda ripiti e litania cu Arubus mester para riba su mes pia, pero talvez mester considera cu esey nunca lo sucede y cu ta mihor pa subsidia. Un cos si, subsidia no mester ta cu wowo cera, permitiendo mal maneho y creando un bari sin bom. Aki nos tin un doble contradiccion, di Arubus cu no por garantiza maneho adecua y gobierno cu no por eherce vigilancia efectivo; manera nan ta bisa na Hulandes anto: "de lamme die de blinde leidt".

Pa loke ta e actividadnan cu por hiba na un entidad autonomo, por pensa riba varios, entre otro inspeccion di vehiculo, talvez henter inspeccion tecnico. Tambe por considera un entidad separa pa maneha e plantanan di purificacion, despues cu a resulta bon cla cu nos politiconan, di tur color, ta gaña lubida cu mester planifica pa por maneha bon y semper ta na careda ora e situacion bira critico.

Finalmente, loke ta necesario haci di antemano, promer cu cuminza crea hala di entidad nobo, ta evalua henter e sistema actual di privatisacion di tarea gubernamental. Mester por reconoce cu na diferente manera a desvia di un desaroyo sano. Por ehemplo, a 'independisacion' di e entidadnan no a limita e influencia politico, sino a crea mas bien mas oportunidad pa patronahe y nepotismo politico. Esaki a conduci den cierto empresa na un nivel di salario barbaro cu no tin ningun relacion cu realidad mas. Te awe ainda no ta mira un maneho cla pa coregi esaki, ta awor Hulanda – atrobe – ta pone presion pa mantene salarionan na un nivel mas hustifica, cuminzando cu e top di e companianan.

Aruba mester di un maneho integral di 'good corporate governance' y esey ta bay hopi mas leu cu scucha e supuesto bon intencion di nos Promer Ministro den esaki. Te awe ainda nos no por haya un documento basico di maneho di good corporate governance, danki na e practica invisible di 'transparencia'.

Prome Minister Evelyn Wever-Croes: Noticia cu a bay rond fin di siman tocante un compania lo haya tur contract di lease auto no ta berdad

Gobierno di Aruba no por kibra ningun contract di lease zomaar y tur leasemento ta bay segun procedura

Den fin di siman cu a pasa, tawata tin algun 'voice messages' y mensahenan cu tabata circula rond tanto den WhatsApp como Facebook. Prome Minister Evelyn Wever-Croes durante Conferencia di Prensa di Gobierno di Aruba dialuna mainta, a reacciona riba esaki indicando cu e informacion cu a pasa rond ta falso y tabata mas bien pa purba crea panico.

E mensahenan en cuestion ta bisa cu Gobierno ta bay kibra tur contract di lease existente pa manda tur na un solo compania. Esaki, Prome Minister ta enfatisa, no ta berdad. E mensahe ta sigui cu menasa cu ta bay informa Hulanda. "Nan ta bisa cu tur leasemento di auto ta bay pa e mesun compania caminda pa casualidad mi casa a cuminsa traha algun dia pasa. Esaki tampoco ta berdad", Prome Minister a enfatisa.

Prome Minister a accentua cu Gobierno di Aruba no por kibra ningun contract di lease zomaar dunando ehempel di su propio experencia di tempo cu el a bira Minister President di Aruba y a tuma over Ministerio di señor Mike Eman. Prome Minister a encontra 4 auto geleased pa e ministerio aki. "Mi a bisa nan cu mi no mester di cuatro auto. Dos nos mester, un ta pa mi cumpli cu e ceremonianan protocolario of camindanan cu mi mester ta na un forma representativo y otro pa e persona cu mester hiba nos post tur caminda".

Prome Minister a indica tambe cu un di e autonan, un pick up, tabata tin un sticker grandi di AVP cu ta bisa "vota Mike' riba dje den propiedad di Cocolishi ainda. Esaki, ta un pick up cu señor Eman lo tabata uza pa campana personal cual tambe sigur ta contra etica di bon gobernacion.

Prome Minister a purba di kita dos auto di su presupuesto pero no tabata por pasobra no por a kibra e contract y a pasa e contract over pa otro departamento cu tabata tin mester di nan cu urgencia. "E compania a cambia e auto pero e lease contract a sigui pasobra no por kibra contractnan di lease zomaar".

Prome Minister a splica e procedura cu mester sigui ora ta trata di lease cu ta vence of autonan nobo cu mester wordo geleased. No por dicidi cu ta manda tur cos pa un compania. Tin un procedura cu ta wordo aplica aworakinan y lo sigui wordo aplica. E procedura ta cu depende di e balor, ta busca dos of tres oferta y a base di esaki ta haci escogencia.

Den e mensahenan cu a wordo manda rond, nan ta bisa tambe cu ta autonan di Polis, Guarda nos Costa, entre otro, ta esunnan cu ta bay na un solo compania. Esaki tampoco ta berdad. Ora un departamento tin mester di un auto tin un par di regla cu nan mester sigui. Pa cuminsa, mester keda den e presupuesto aproba. Mester busca dos of tres oferta y esun miho y mas barata ta wordo scogi. Tin diferente instancia ta controla e procedura aki manera Directie Financien, Algemene Rekenkamer, hasta Parlamento cu ultimo a pidi tur e listanan di autononan, y CFT tambe ta controla.

"Pues esaki ta noticia falso dirigi riba bruhamento di tera. Esaki ta ora oponentenan no tin argumento pa hiba un debate riba dje. Tur e mensahenan aki tabata en torno alrededor di mi casa cu despues di mas di un aña y mei a haya un trabou den sector priva y no ta wordo paga door di Gobierno. Si e lo a haya un trabou den Gobierno, mi ta sigur cu lo a bin critica, awor ta sector priva, tambe tin critica.

Mi ta puntra mi mes, a caso casa di un politico no tin derecho di traha pa mantene su famia? Un casa di un politico mester keda na cas sin traha y no por mantene su famia? Mi ta kere cu aki na Aruba nos mester cuminsa madura riba cierto debatenan y tematicanan", Prome Minister a expresa.

Prome Minister a remarca cu esaki ta un noticia falso cu ta dirigi pa bruha tera, pa trece discordia y crea rabia. Asina aki, nos no ta yuda nos pais bay padilanti. "Mi ta kere nos tin hopi reto nos dilanti, nos pais no a sali di e pandemia ainda. Ban purba den e tempo nos dilanti pa identifica e temanan en comun cu nos tin cu otro pa nos traha hunto pa hiba e pais aki padilanti. Ohala nos por logra esaki sin tanto polarisacion, sin tanto antagonismo. Mi ta spera cu e noticia falso aki awor cu mi a aclaria, por keda pa pasado tambe y nos por enfoca pa traha hunto pa hiba Aruba padilanti", Prome Minister a termina bisando.

Minister Xiomara Maduro a topa un rato cu e Comision Nacional di UNESCO Aruba

Diabierna atardi, Minister Maduro a topa un rato cu e Comision Nacional di UNESCO na Aruba.

UNESCO ta traha riba e educacion, ciencia y cultura cu ta necesario pa mantene Paz na mundo. Aruba como parti di Reino Hulandes tambe ta haci esfuerso pa mantene un fundeshi fuerte na unda Paz por keda reina na nos Pais.

Pa e ocasion e mandatario a pasa bishita e oficina y cera conoci cu e personal di e Secretariado di UNESCO di Aruba cu ta ubica na e edificio di JFK.

Minister Rocco Tjon:

A aloca fondonan pa atende cu lista di espera pa cu salud mental

Diahuebs mainta, Minister di Husticia y Asuntonan Social Sr. Rocco Tjon tawata presente ora cu director di AZV Sr. Edwin Jacobs y director di Bureau Rampenbestrijding Aruba (BRA) Sr. Rino Hermans a firma e convenio pa asina trabounan pa atende cu e lista di espera pa cu salud mental por inicia.

AZV a pone e fondonan disponibel y BRA lo percura pa e administracion. Di e forma aki ta emplea e profesionalnan necesario manera psicologonan pa bay atende cu e lista di espera. Un momento hopi importante, mirando cu hopi biaha a toca e tema di e problematica di e lista di espera, ora ta papia di salud mental.

Durante e momento aki a conta cu presencia di profesionalnan di Respaldo, Directie Volks Gezondheid (DVG), profesionalnan di Ministerio di Husticia y Asuntonan Social, FMAA y SPD. Banda di esaki, HAVA tambe, apesar di no por tawata presente, ta un stakeholder clave, cual a firma diferente protocolnan for di aña pasa, pa asina garantisa pa por atende entre otro cu e aspectonan aki. Un analisis a wordo haci pa determina con largo e lista di espera berdaderamente ta. A base di e analisis aki a determina e cantidad como tambe e tipo di profesional cu lo mester wordo emplea, pa asina por atende cu e tema aki den un tempo defini.

Segun e mandatario, bo por inverti den infrastructura y den e parti di material cual ta necesario pa e profesionalnan por haci nan trabou, pero na final di dia e ta keda "mensenwerk". Dentro di un tempo, Aruba lo por mira e balor agrega di e proyecto aki, ora cu finalmente, lo logra acumula suficiente data, pa asina atende cu e parti aki na un manera eficiente y eficaz pa loke ta recursonan. E cooperacion entre ministerionan, diferente departamentonan, como tambe stakeholders, lo bay percura pa e tema di salud mental por haya su debido atencion den un manera mas transparente y mucho mas miho.

E luna aki tin otro trabounan tambe riba e tereno di Salud Mental cu lo inica. Manera ta conoci, Stichting Hunto lo tin su groundbreaking e luna aki, pues e proyecto infrastructural lo inicia, caminda FMAA y SPD lo uni como un solo stichting. Banda di esaki, como parti di e vision a largo plaso, lo instala algun "werkgroepen" pa atende cu e partinan legislativo, e parti di enseñansa, workshops pa tur e profesionalnan cu ta traha den e veld, como tambe e parti di finansas.

Nos ta den e luna di Juni caba, na mitar di anja 2022. Hopi ya ta corre liher den tempo y a cuminsa pensa riba Pascu y fin di anja, djies pa e alegria, luz y harmonia cu tin den e temporada ey. Nan ta lubida di : "Biba" cada dia, cu wordo regala na nos.

Nan ta lubida di goza di nan dia y ta pensa solamente na "Mas oro, majan, si majan mi logra esaki, mi lo ta felis". Si mi keda cla di paga mi debe di mi auto aki un anja y mey, mi lo por hasi mas cos, pasobra mi lo tin extra placa. Y asina por sigui menciona mil y un motibo cu ta wordo menciona, y, ta lubida di gradici Dios pa e dia regala awe.

AWE ta un regalo precioso. Tin cosnan bunita cu nos por hasi cu ta gratis. Un di nan ta, bay pasa dia na beach, goza di nos lamannan, nos dushi naturaleza. Por den fin di siman hunga domino y no tin mester di tin cerves pa bebe tur ora. Pa sinti alegria no tin mester di alcohol. E alegria y paz cu tin cu sali foi den bo paden y refleha den e cosnan bunita rond di bo. Un sonrisa, un abraso, un palabra di danki of con ta bay. Un bishita na bo grandinan. Bebe un koppie koffie na cas, scuchando bunita musica. Yama un amiga na telefoon. Comunicacion. Comunica y duna otro atencion simpel y di curason.

Lady Ruth ta goza e famianan cu ta sinta hunga wega cu nan yuinan, weganan manera Monopoly, Dam y Mens erger je niet , just pa menciona algun. Ki dia tawata e ultimo dia cu bo a bisa bo famia cu bo ta stima nan ? Of bo ta wardando pa Dia di Tata yega pa bo bisa bo tata cu bo ta stime ? Ta bunita pa tin dia di esaki, dia di esaya, pa esnan cu mester di un push pa expresa nan mes, pasobra no ta tur hende a crese den famianan cu ta bisa otro regularmente "Mi ta stima'bo". Hopi hobennan adulto cu a bira mama, sa esaki, sa e dolor cu nan a wanta pa a hanja un baby, ta realisa e amor di nan mesun mama pa nan hopi biaha y ta bisa nan yuinan cu nan ta stima nan. Derepente nan ta "hasi tur cos pa proteha nan yui of yuinan" no matter what.

Pero no ta bishita nan mesun mayornan, nan mesun welo y welanan, pasobra nan "no tin tempo" ni den fin di siman, ni riba nan dianan liber. Uffffff !!!!.Nan excuus ta cu nan tin hopi trabao. Placa a bira tur cos awendia. Placa, placa, placa ?

Hasta famianan cu tin e placa pa paga un ayudante cuida nan tata of mama cu ta complica y pa nan insoportabel pa cuida, ta core hinka nan den casnan pa nos grandinan. Nan no kier tin e molester ey. Tin biaha , berdad mester di profeshonalnan pa cuida nan.

Ta poco tin cu ta sigui lucha cu nan grandinan segun nan capacidadnan, segun nan mesun forsanan financiero, fisico y mental, pasobra no tin placa pa paga pa un ayudante, of no tin lugar ainda pa nan den casnan di anciano.

Lady Ruth no kier punta dede riba ningun hende pa tres dede mustra bek ariba dje, pero ta cosnan cu ta pasa. Bunita cu tin tur sorto di fundacionnan pa yuda prohimo rumannan cu no por yuda nan mes pa x motibo. Mi no lo menciona e nomber di e lugar pa anciano, pero algun tempo atras cu un amiga y ami a bay bishita un persona na un di e lugarnan ey, a wak con e cliente den pamper sushi na pupu mester a warda casi 2 ora of mas, prome cu nan a bin pa limpiele bistiele un limpi. Ufffff !! Cu yen di musca bulando rond di dje. No tawata normal.

Na un otro lugar, un cliente a cay foi su stoel y mester a warda un par di ora prome cu nan por a yudele. E persona cu e forsa fisico pa yudele no tawatatei. Shonnan, cu bo ta hopi ocupa of no, nos tur por hinka den nos schedule un crenchi tempo regularmente pa nos grandinan.

Bo ta lubida cu bo tambe, Dios mediante, lo bira grandi y cu bo ta cosecha locual bo ta sembra.

Comprondiendo bida ta un arte ariba su mes. Nos tur ta bon ora nos tin nos salud y por yuda nos mes, pero asina cu tin obstaculonan den diferente forma, nos ta lubida con bon nos tine cu bendicion di Dios semper. Nada riba e mundo ki ta pa semper. Bida ta keda un misterio cu su "ups and downs". Bida ta un regalo precioso di Dios na cada un di nos, pa nos ta un regalo bek pa Dios .Awe un relato abstracto kizas, pero cu por inspira nos tur ariba nos camindanan den bida. Cu nos libertad den expression. Cu nos curason yen di gradicimento pa cada les, cada experiencia, cada momento. Y… no hasi na un otro, locual bo no kier pa un otro hasi cu bo.

Ban sigui hari un crenchi cu e pelicula "Judeska in da house". Alegria nos por crea. Tristeza ta bati na porta di mes.

Cumpli cu e dolor di un pueblo ta un deber di cada cristian cu ta kere den nos bon dios

CAFT ta relata cu despues di a firma e protocol di 22 di November 2018 te cu e dia di awe gobierno di Aruba ni un dia a cumpli cu palabracionnan haci por escrito. CAft tambe ta señala cu entrega di e presupuesto super laat ta haci cu ta dificil pa maneha e presupuesto di pais Aruba.

Segun e rapport di CAft nos deficit financiero lo sigui crece pa aña 2023 te cu 2026. Pais Aruba mester paga 4 biyon florin entre 2022 y 2026. Y kico gobierno ta bisa: CAft ta traha slordig y no ta responsabel pa e maneho di pais Aruba. Mientras tanto gobierno di Aruba ta sigui zink nos isla den debe.

Den presupuesto 2022 ta para cu bienes y servicio (goederen en diensten) ta subi cu 33 miyon florin compara cu aña 2021. A keda comproba cu gobierno no ta haci nada pa baha su gastonan sino al contrario ta subi nan.

Gobierno ta pidi tur hende pa sacrifica pero den nan seno ta sigui cu fiesta. Empleadonan publico ta sigui wordo engaña. Pa boicotia e marcha silencioso di sindicatonan ta anuncia cu nan lo haya na 5% den nan salario, pero con por ta posibel si e suma no ta hinca den e presupuesto di 2022. Nos no por sigui kere den webo di gay.

Pa nos di partido Curpa esaki no ta nada nobo cu bo por spera di un partido cu ta yama su mes social democrata. No tin nada social den nan pero simplemente cu engaño ta yega na poder pa despues realisa nan plan diabolico cu nan tin. No ta promer biaha cu nan ta gaña pueblo. Nan a campaña manera carne pero ta goberna manera lobo. Pueblo mester biba den miseria pero nan si ta biba bon cu tur luho cu por. Fiesta tras di fiesta pero pa pueblo no tin nada sino medida. Tur partido cu ideologia social democrata ta pensa den enrikece nan mes sin importa cu ta hinca gran mayoria di e pueblo den miseria.

Pa Hulanda ta cumbini Aruba sigui hinca su mes den debe pasobra tardi of tempran Aruba mester bati na porta di Hulanda pa placa. Eynan ta unda cu Hulanda lo tuma Aruba completamente den su poder. Nos tin un Parlamento cu no ta controla gobierno y gobierno por haci y deshaci. Si bo ta un persona cu bo a wordo poni pa haci e bon y bo no ta cumpli cune anto e ora ey lo bo ta mas culpable cu e otronan.

Nos por mira cu tanto partido mep, partido AVP y mas partido politico no tin e principionan di Dios den nan bida paso nan tur a vota contra leynan di Dios. Nan ta sigui den e mesun caminda y lo no spera nada di nan paso un dia nan lo caba na nada. Tur hende cu a bay contra norma y principionan di Dios un dia lo yega nan fin. P'esey mes un cristian cu tin Dios den su curason no por bay bao di un lider cu no tin temor di Dios y ni ta respeta leynan di Dios. Si Dios ta aborese malo y bo ta uni cu un partido cu ta apoya maldad lo bo no ta miho cu nan. Awe nos ta mira kico ta pasando aki na Aruba y tur hende ta keda keto y ta cana cu miedo pa no wordo persigui. Dios a duna nos tur oportunidad y si bo no kier arepenti, e huicio di Dios lo toca na bo porta paso nan no ta kere den Dios. Tempo dificil ta den porta y nos tur lo bay sintie. Bo por tin placa den bo saco pero si no tin cuminda, bo placa lo sirbi pa nada. Mundo henter lo bay experencia escasez di cuminda. Actualmente tin 90% na escasez di cuminda di baby na Merca.

Politica: e arte di combersa, componde otro y divulga lo necesario

Manera semper mi a bisa pa hopi aña y ta manera mi a wordo lanta na cas di mi abuelonan, y na cas di mi mayornan; 'Simplesa ta nos Grandesa'. Un bida simpel ta siña bo hopi cos. E ta siña bo balora bo sernan keri na momento cu ainda nan ta na bida; e ta siña bo habri bo cas pa un desconoci, pa un persona di menos recurso; cushina pa mas persona pasobra bo no sa na ki momento un bishita inespera ta yega pa bo dun'e di come; e ta siña bo cu nos grandinan a pasa nos nan conocemento di bida pa nos bay dilanti; e ta siña bo protege bo mes y protege otro.

Un bida simpel ta yena cu bendicion cu porta bo no ta mira, pero si bo ta sinti, of bo sa, of a experiencia e mundo di Milager. Cada Milager ta personal; Bida mes ta un Milager, ta agradecido.

Den edicionnan prome por a lesa mas riba con politica ta e arte di combersa, cu nos dialogo, esta nos combersacion, ta uno pa diferente persona den nos comunidad por compronde. Nos dialogo ta pa siña di otro pa asina ambos por compronde, y por verifica si e otro a compronde loke a wordo bisa. Hasta politiconan, esnan tambe aspira pa sigui e caminda aki ta honra pa sigui pasonan di esnan cu nan ta mira, scucha y ta prepara nan mes pa tuma e reto pa hunto guia un pais. Guia un pais ta rekeri di tin e balans individual y por traha colectivamente, esta den grupo. Colectivamente nos ta uni y trece nos profesionalismo, conoce e habilidad di e otro persona, respeta, balora loke cada un ta trece cune como guia. Tur persona merece un chens pa traha pa nan pais te dia nan escogencia ta pa crece den nan carera y sigui nan rumbo desea.

Mi a scucha hopi persona bisa e politiconan bieu tin cu retira, pa varios motibo. Como politico hoben mi ta comprende bo ponencia, y ta desea di expresa tambe cu mester tin mas respet pa tur e sacrificionan cu politiconan ta haci pa nan pais. Respet, honor, disciplina bo ta gana door di diferente aspecto den bida, e aprecio pa trabou cu a ehecuta durante añanan pa otro, con bon bo departamento generalmente a scucha, a mira, a yuda bo pueblo. Ora bo huramenta pa por traha pa bo pais bo ta trahando pa bo mes tambe, pa bo famia, pa bo yiunan; sin lubida kerido lector esnan di bo tambe y di bo bisiña; Esaki ta parti di e 'Bon Comun' di un comunidad. Maske nan ta mesun persona cu nos, nan tin e trayectoria amplio pa guia un pais, porta bo ta of no ta interesa den politica, pero tur dia den bida bo ta combersa y yega na un discusion cu amistad, y noticia pa bo; "esaki tambe ta politica na otro nivel". Na momento cu un politico tuma decisionnan pa su pais, ta pasobra e ta mira futuro di un pais, usando strateganan di e 'bon comun'. Bo gusta of laga, nos mester di nos politiconan experiencia y siña traha hunto, porta e jongnan ta scucha esun di experiencia, y viceversa pa yega na un mihor mañan.

Cada habitante tambe ta esun cu lo dicidi su futuro, un comunidad ta percura pa hunto crece. Nos tur a pasa duro, mi ta compronde e ora con dificil ta tambe pa un pais ricibi e fiansa necesario pa por biba si nos mes no tin esaki. E carencia di placa a siña nos hopi, cu no ta tur cos ta placa ora bo no tine. A siña riconan pa yuda humanidad en bes di enrikece na momento cu nos tin cu repara e daño cu a wordo haci na nos mesun mundo y busca otro opcionnan y siña nos hendenan con pa biba mas consciente sin drenta den panico y prepara pa loke cambionan ta trece cune. Prome cu sinta ofende un politico, kibr'e den su carera, mira den bo cura, den bo bario, e tempo cu bo ta yega di San Nicolas pa Playa, of di Santa Cruz pa San Nicolas, Aruba su economia circular. Nos kier critica, mi tambe ta critico riba varios cos, mi tambe a aporta na mi isla hopi aña, mi tin derecho di divulga lo necesario y abo tambe.

Silvania ta pidi Hulanda refinancia of cancela prestamo

(CuraçaoChronicle) – Minister di Finanzas di Corsou, Javier Silvania, no ta kere cu Corsou por logra crecemento economico sostenible si ta rekeri pa paga back completamente e sosten di likides.

(CuraçaoChronicle) – Abogado Suhendra Leon ta bisa cu declaracionnan di Banco Central di Corsou y Sint Maaten (CBCS) relaciona cu e aplicacion di e tipo di cambio di florin-pa-dollar ta duna e impresion cu negoshinan ta completamente liber pa scoge cua tipo di cambio pa usa, y esaki no ta corecto.

Leon ta indica cu ta regula legalmente ki tipo di cambio mester usa pa pagonan na St. Maarten si un producto of servicio tin prijs den dollar.

CBCS a bisa e corant The Daily Herald di Sint Maarten siman pasa cu negoshinan por aplica tiponan di cambio cu ta diferente for di e tiponan di cambio oficial y cu ta keda na e cliente pa dicidi ki moneda pa usa pa haya e miho prijs. Leon ta bisa cu e declaracion aki di CBCS ta incorecto. "No tin legislacion cu CBCS ta enforsa cu ta prescribi cua tipo di cambio e negoshinan mester usa, pero sigur ta poni den ley di St. Maarten cua tipo di cambio mester usa pa pago di un suma di placa", segun Leon, di bufete legal BZSE, a bisa den respuesta na e comentarionan di CBCS. E acuerdo ey ta consisti cu e negoshi mester duna un producto of servicio y e cumprador (of procurador di un servicio) mester paga pa esaki cu placa. Ta un obligacion pa e cumprador (of procurador di un servicio) paga un suma di placa. Buki 6, titulo 1 seccion 11 di Codigo Civil ta regula obligacionnan pa paga un suma di placa."

Leon a bisa cu Articulo 6:112 di Codigo Civil ta declara: "E moneda di e placa paga pa cumpli cu e obligacion mester ta usual na momento di pago den e pais den cual moneda e pago ta haci." El a bisa cu ademas di e moneda oficial di St. Maarten (NAf.), dollar Mericano ta un forma usual di pago na e pais.
El a bisa cu Articulo 6:126 di Codigo Civil ta declara: "Pa proposito di e seccion aki, e tipo di cambio ta bay ta e tipo di cambio na cual e creditor por obtene e placa sin retraso, teniendo cuenta kico por sali for di ley, custumber y contenido of significado di e obligacion."

Den e splicacion di e articulo, ta splica cu e articulo ta determina e tipo na cual cualkier conversion mester tuma lugar. "E tipo usa ta e prijs di compra pa e placa aplicable na e creditor. A base di e ley, ta necesario pa scoge entre e diferente tiponan comercial. Si e ley prescribi un tipo oficial, e ta relevante solamente asina cu e regulacion ta preveni e creditor di cumpra e placa cu ta deb'e na un tipo diferente. E factor decisivo ta e tipo na e lugar di pago."

Leon a bisa cu mirando esaki, ta legalmente regula ki tipo di cambio mester usa pa pagonan na St. Maarten si un producto of servicio tin prijs den dollar.

Beijing reopens restaurants as new COVID-19 cases drop

(AP) — Diners returned to restaurants in most of Beijing for the first time in more than a month Monday as authorities further eased pandemic-related restrictions after largely eradicating a small COVID-19 outbreak in the capital under China's strict "zero-COVID" approach.

Zhang Suyan said she called her friends and said "let's make a reservation" as soon as she heard that restaurants were opening again.

"We don't have such an atmosphere or feeling at home," she said as she and two friends polished off bowls of spicy fried crayfish, a popular summertime meal.

Museums, cinemas and gyms were allowed to operate at up to 75% of capacity and delivery drivers could once again bring packages to a customer's door, rather than leave them to be picked up at the entrances to apartment compounds.

The return to near-normal applied everywhere in Beijing except for one district and part of another, where the outbreak lingered. Schools, which partially reopened earlier, will fully do so on June 13, followed by kindergartens on June 20.

Authorities had conducted multiple rounds of mass testing and locked down buildings and complexes whenever infections were discovered to stamp out an outbreak that infected about 1,800 people over six weeks in a city of 22 million. The number of new cases dropped to six on Sunday.

The ruling Communist Party remains wedded to a "zero-COVID" strategy that exacts an economic cost and inconveniences millions of people, even as many other countries adopt a more relaxed approach as vaccination rates rise and treatments become more widely available.

Chen Feng, the manager of the crayfish restaurant, said sales dropped 70% when Beijing eateries were restricted to takeout and delivery. Customers started lining up late Sunday night, and he and his colleagues served 350 people between midnight and 2 a.m.

In Shanghai, a population of 25 million people endured a citywide lockdown that kept most confined to their apartments or neighborhoods for two months. The city reopened last week, but restaurants remain closed except for delivery and takeout. One neighborhood conducted more mass testing on Monday after finding new cases in a residential compound, which is now locked down for 14 days.

In both Beijing and Shanghai, anyone entering the subway or an office building, shopping mall or other public place must show a negative test result within the past 72 hours. People lined up at testing stations that have been set up around the cities to meet the requirement.

All ferries in Shanghai, which is bisected by the Huangpu river, resumed normal operation on Monday. But organizers postponed the Shanghai International Film Festival, which was scheduled to be held this month, until next year.

Elsewhere, the government responded to outbreaks in China's Inner Mongolia region, where 39 new cases were recorded on Sunday, and in the northeast city of Dandong, which has had about 130 cases in the past two weeks. Dandong is on the border with North Korea, which acknowledged an outbreak for the first time last month.

Jill Biden helps unveil postage stamp honoring Nancy Reagan

WASHINGTON (AP) — Jill Biden on Monday praised Nancy Reagan as a first lady who "made such a difference," as the current first lady hosted the unveiling of a new U.S. postage stamp honoring a woman who held the role 40 years before Biden stepped into it.

The issuance by the U.S. Postal Service of a forever first-class stamp bearing Nancy Reagan's image is part of a yearlong commemoration of the former first lady's centennial by the Ronald Reagan Presidential Foundation and Institute.

At a White House ceremony, Biden talked about the "incredible platform" first ladies gain to serve the people after "we're just sort of thrust into the national spotlight in a way that I know none of us could have anticipated."

"First lady Nancy Reagan served the American people with grace," Biden said. "She understood that the role of first lady came with inherent pitfalls and scrutiny, yet she found the humanity in it all. She knew the potential of this role." "Next month would have been her 101st birthday," Biden continued. "And with this stamp we are affirming that she made such a difference."

Nancy Reagan was born on July 6, 1921.

Fred Ryan, a White House aide to President Ronald Reagan, said the former first lady advocated for foster grandparents, championed the arts, and restored and remodeled parts of the White House. She is also remembered for her "Just Say No" anti-drug campaign, for undergoing a mastectomy after her breast cancer diagnosis during the Reagan presidency and a fierce devotion to her husband.

But the White House announcement last week of Monday's event sparked angry commentary on social media by people who noted the Reagans' indifference toward gays and lesbians and to the AIDS crisis that exploded during their time as president and first lady.

Other commentators expressed indignation that the White House under a Democratic president hosted the event at all, let alone during Pride Month, which celebrates LGBTQ people.

Jill Biden's office did not respond to an emailed request for comment. Last week, President Joe Biden issued a Pride Month proclamation in which he said the rights of LGBTQI people currently are under "relentless attack" and sought to reassure them that "my administration sees you for who you are, deserving of dignity, respect and support."

In her remarks, Jill Biden spoke of needing everyone's help to "bring our communities together."

"We have to learn from those we don't understand, to reach across the divide and find common ground, because that's where the foundation of our future must be laid," she said.

Also participating in the unveiling were U.S. Postmaster General Louis DeJoy and Anne Peterson, Nancy Reagan's niece. Ryan also is chairman of the board of trustees of the Ronald Reagan Presidential Foundation and Institute.

Nancy Reagan is the sixth first lady to appear on a U.S. postage stamp after Martha Washington, Dolley Madison, Abigail Adams, Eleanor Roosevelt and Lady Bird Johnson, DeJoy said.

The stamp is set to officially be issued on July 6 during a dedication at the Ronald Reagan Presidential Library and Museum in Simi Valley, California, he said.

Nancy Reagan died in March 2016 at the age of 94.

N.Y. governor signs law raising age to own semiautomatic rifle

ALBANY, N.Y. (AP) — New Yorkers under age 21 will be prohibited from buying semiautomatic rifles under a new law signed Monday by Gov. Kathy Hochul, making the state among the first to enact a major gun control initiative following a wave of deadly mass shootings.

Hochul, a Democrat, signed 10 public safety-related bills, including one that will require microstamping in new firearms, which could help law enforcement solve gun-related crimes.

Another revised the state's "red flag" law, which allows courts to temporarily take away guns from people who might be a threat to themselves or others.

"In New York, we are taking bold, strong action. We're tightening red flag laws to keep guns away from dangerous people," Hochul said at a press conference in the Bronx.

New York's Legislature passed the bills last week, pushing the changes through after a pair of mass shootings involving 18-year-old gunmen using semiautomatic rifles. Ten Black people died in a racist attack on a Buffalo supermarket May 14. A Texas school shooting took the lives of 19 children and two teachers 10 days later.

The quick action in New York further illustrated the sharp divide between Republican and Democratic leaders on how to respond to gun violence.

Texas Gov. Greg Abbott said after the massacre of children in Uvalde that government should increase security in schools and resources for mental health, but the Republican says stricter gun laws are ineffective. Fellow Republican Gov. Tennessee Gov. Bill Lee echoed similar sentiments Monday, a day after gunfire near a Chattanooga nightclub left three people dead and multiple people wounded.

In New York, most people under age 21 had already been banned from owning handguns. People age 18 and over will still be allowed to own other types of long guns, including shotguns and bolt-action rifles.

Part of New York's new law will also require all purchasers of semiautomatic rifles to get a license, something now required only for handguns.

Proposed federal legislation that would require buyers of semiautomatic weapons to be 21 is advancing in the U.S. House, but is seen as facing long odds in the Senate.

A handful of states require people to be 21 to purchase any firearms, including Florida, which raised the age for legally purchasing a rifle after a 19-year-old gunman killed 17 people at a high school.

Hochul also signed a bill Monday that will restrict sales of bullet-resistant vests and armor only to people in certain professions.

The governor said New York will continue to invest in prevention of gun-related crimes by partnering with local communities and continuing to strengthen laws by putting pressure on Congress.

"Today is the start, and it's not the end," said Hochul. "Thoughts and prayers won't fix this, but taking strong action will. We will do that in the name of the lives that have been lost, for the parents who will no longer see their children stepping off the school bus."

Proud Boys charged with seditious conspiracy in Capitol riot

The former top leader of the far-right Proud Boys extremist group and other members were charged Monday with seditious conspiracy for what federal prosecutors say was a coordinated attack on the U.S. Capitol to stop Congress from certifying President Joe Biden's 2020 electoral victory.

The latest indictment against Henry "Enrique" Tarrio, the former Proud Boys chairman, and four others linked to the group comes as the U.S. House committee investigating the Jan. 6 riot prepares to begin public hearings this week to lay out its findings.

The indictment alleges that the Proud Boys conspired to forcibly oppose the lawful transfer of presidential power. Tarrio and the others — Ethan Nordean, Joseph Biggs, Zachary Rehl and Dominic Pezzola — were previously charged with different conspiracy counts.

They are scheduled to stand trial in August in Washington, D.C.'s federal court.

The seditious conspiracy charges are among the most serious filed so far, but aren't the first of their kind. Eleven members or associates of the anti-government Oath Keepers militia group, including its founder and leader Stewart Rhodes, were indicted in January on seditious conspiracy charges in a serious escalation in the largest investigation in the Justice Department's history.

Three Oath Keepers have already pleaded guilty to the rarely used Civil War-era charge that calls for up to 20 years in prison. The indictment alleges that the Oath Keepers and their associates prepared in the weeks leading up to Jan. 6 as if they were going to war, discussing things like weapons and training.

Tarrio, the group's top leader, wasn't in Washington, D.C., when the riot erupted on Jan. 6, 2021, but authorities say he helped put into motion the violence that day.

Police arrested Tarrio in Washington two days before the riot and charged him with vandalizing a Black Lives Matter banner at a historic Black church during a protest in December 2020. Tarrio was released from jail on Jan. 14 after serving his five-month sentence for that case.

An attorney for Tarrio said his client "is going to have his day in court."

"And we intend to vigorously represent him through that process," said Nayib Hassan.

Defense attorney Carmen Hernendez, who represents Rehl, said her client is "as innocent of these charges as the ones that had already been pending against him."

"Seditious conspiracy requires the use of force, and he never used any force nor thought about using any force," Hernandez said.

More than three dozen people charged in the Capitol siege have been identified by federal authorities as leaders, members or associates of the Proud Boys, whose members describe it as a politically incorrect men's club for "Western chauvinists."

They have brawled with antifascist activists at rallies and protests. Vice Media co-founder Gavin McInnes, who founded the Proud Boys in 2016, sued the Southern Poverty Law Center for labeling it as a hate group.

The indictment alleges that the Proud Boys held meetings and communicated over encrypted messages to plan for the attack in the days leading up to Jan. 6. On the day of the riot, authorities say Proud Boys dismantled metal barricades set up to protect the Capitol and mobilized, directed and led members of the crowd into the building.

Prosecutors have said the Proud Boys arranged for members to communicate using specific frequencies on Baofeng radios. The Chinese-made devices can be programmed for use on hundreds of frequencies, making it difficult for outsiders to eavesdrop.

Shortly before the riot, authorities say Tarrio posted on social media that the group planned to turn out in "record numbers" on Jan. 6, but would be "incognito" instead of donning their traditional clothing colors of black and yellow.

Around the same time, an unnamed person sent Tarrio a document that laid out plans for occupying a few "crucial buildings" in Washington on Jan. 6, including House and Senate office buildings around the Capitol, the indictment says. The nine-page document was entitled "1776 Returns" and called for having as "many people as possible" to "show our politicians We the People are in charge," according to the indictment.

Nordean, of Auburn, Washington, was a Proud Boys chapter president and a member of the group's national "Elders Council." Biggs, of Ormond Beach, Florida, is a self-described Proud Boys organizer. Rehl was president of the Proud Boys chapter in Philadelphia. Pezzola is a Proud Boy member from Rochester, New York.

A New York man pleaded guilty in December to storming the U.S. Capitol with fellow Proud Boys members. Matthew Greene was the first Proud Boys member to publicly plead guilty to conspiring with other members to stop Congress from certifying the Electoral College vote. Greene agreed to cooperate with authorities investigating the attack.

High court won't hear appeal over McCloskeys' law licenses

The U.S. Supreme Court on Monday declined to hear an appeal from Mark and Patricia McCloskey, the husband-and-wife attorneys whose law licenses were placed on probation for pointing guns at racial injustice protesters outside their St. Louis mansion in 2020.

Mark McCloskey, who is seeking the Republican nomination for one of Missouri's U.S. Senate seats in the August primary, said he wasn't surprised by the high court's decision since it takes up relatively few cases.

"I was a little disappointed because I thought that the concept of a lawyer being sanctioned for doing no more than just defending himself and exercising his Second Amendment rights would be an issue that the Supreme Court might find significant," McCloskey said.

The Missouri Supreme Court in February placed the couple's licenses on probation for one year, allowing them to continue to practice law. They must also provide 100 hours of free legal service. The appeal to the U.S. Supreme Court sought to end the probation.

Last month, the state's high court denied the McCloskeys' request to provide free legal service to the conservative activist group Project Veritas to meet the pro bono requirement. The organization is known for hidden camera stings that have embarrassed news outlets, labor organizations and Democratic politicians.

Mark McCloskey has said he and his wife felt threatened in June 2020 when demonstrators walked onto their private street during global protests that followed the death of George Floyd in Minneapolis. Mark McCloskey emerged from his home with an AR-15-style rifle, and Patricia McCloskey waved a semi-automatic pistol. No shots were fired.

The pair received national attention, including from then-President Donald Trump, and spoke via video at the 2020 Republican National Convention.

They pleaded guilty to misdemeanors for the gun-waving incident and were fined. Republican Gov. Mike Parsons pardoned them in August.

Poland, with near-total abortion ban, to record pregnancies

WARSAW, Poland (AP) — The government of Poland, where a near-total abortion ban is in place, faced accusations Monday of creating a "pregnancy register" as the country expands the amount of medical data being digitally saved on patients.

Women's rights advocates and opposition politicians fear women face unprecedented surveillance given the conservative views of a ruling party that has already tightened what was one of Europe's most restrictive abortion laws.

They fear the new data could be used by police and prosecutors against women whose pregnancies end, even in cases of miscarriage, or that women could be tracked by the state if they order abortion pills or travel abroad for an abortion.

"A pregnancy registry in a country with an almost complete ban on abortion is terrifying," said Agnieszka Dziemianowicz-Bk, a left-wing lawmaker.

The matter gained attention Monday after Health Minister Adam Niedzielski signed an ordinance Friday expanding the amount of information to be saved in a central database on patients, including information on allergies, blood type and pregnancies.

The health ministry spokesman, Wojciech Andrusiewicz, sought to allay concerns, saying only medical professionals will have access to the data, and that the changes are being made at the recommendation of the European Union.

The effort, he said, is meant to improve the medical treatment of patients, including if they seek treatment elsewhere in the 27-member EU. In the case of pregnant women, he said this will help doctors immediately know which women should not get X-rays or certain medicines.

"Nobody is creating a pregnancy register in Poland," he told the TVN24 all-news station.

But Marta Lempart, the leader of a women's rights group, Women's Strike, said she does not trust the government to keep information on women's pregnancies from the police and prosecutors. She told The Associated Press that police in Poland are already questioning women on how their pregnancies end, tipped off by disgruntled partners.

"Being pregnant means that police can come to you any time and prosecutors can come to you to ask you questions about your pregnancy," Lempart said.

The new system means many Polish women will now avoid the state medical system during their pregnancies, with wealthier women seeking private treatment or traveling abroad, even for prenatal care.

Meanwhile, poorer women in Poland will face an increased risk of medical problems or even death by avoiding prenatal care, Lempart fears.

Lempart also worries that information gained by police could be shared with state media to harm people's reputations.

She already knows how that can happen. In 2020, Lempart tested positive for COVID-19, and the information was reported by state television even before she got her results.

Poland — a predominantly Catholic country — bans abortion in almost all cases, with exceptions only when a woman's life or health is endangered or if the pregnancy results from rape or incest.

For years, abortion was allowed in the case of fetuses with congenital defects. That exception was struck down by the constitutional court in 2020.

In practice, Polish women seeking to terminate their pregnancies order abortions pills or travel to Germany, the Czech Republic and other countries where the procedure is allowed. While self-administering abortion pills is legal, helping someone else is not.

Activist Justyna Wydrzyska is facing up to three years in prison for helping a victim of domestic violence access abortion pills. Amnesty International says it is the first such case in Europe.

Cyprus to UN: Turkey seeks full control of breakaway north

NICOSIA, Cyprus (AP) — Cyprus will lodge a complaint with the United Nations over Turkey's new financial assistance deal with breakaway Turkish Cypriots that demonstrates Ankara's "complete control" over them, the president of the ethnically divided island nation said Monday.

President Nicos Anastasiades, a Greek Cypriot, told state broadcaster CyBC that he would also include in the protest letter Turkey's move to designate the Turkish Cypriots' unrecognized, main airport as a domestic flight route, effectively turning it into a Turkish one.

Many liberal Turkish Cypriots fear that both the financial deal and the airport designation are the clearest signals yet that Turkey's President Recep Tayyip Erdogan wants to eventually annex breakaway northern Cyprus.

"I will proceed with the complaint again with the United Nations relative to the airport which ... in essence is being integrated and considered a Turkish airport," Anastasiades said. "Secondly, (financial) protocol clearly demonstrates Ankara's complete control of the Turkish Cypriots."

Turkish officials reportedly said the designation aims to make flights to and from northern Cyprus cheaper.

Turkish Cypriots declared independence in the island nation's northern third nearly a decade after Turkey invaded in 1974 following a coup by supporters of union with Greece. Only Turkey recognizes the Turkish Cypriots' independence. Numerous rounds of U.N.-facilitated talks over nearly a half century to reunify Cyprus as a federation composed of Greek and Turkish speaking sectors have led nowhere. Turkish Cypriots fault a Greek Cypriot denial to equitably share power in a federated Cyprus. Greek Cypriots fear a Turkish Cypriot insistence for Turkish military intervention rights, a permanent Turkish troop presence and veto power for the minority Turkish Cypriots.

Citing the failed peace talks, Ankara and hardline Turkish Cypriot leader Ersin Tatar say the only feasible way now to break the deadlock is an accord based on two sovereign states — something that Greek Cypriots reject as formalizing permanent partition of the Mediterranean island.

Many Turkish Cypriots are up in arms over the financial agreement, about 240 million euros worth of grants and loans this year, or about a third of annual revenues.

Although the north has always been dependent on Turkish economic aid, the peace group United Cyprus Now says this deal compels Turkish Cypriots to introduce measures curbing freedom of speech, making it easier for Turkish citizens to buy up property and cedes more power to religious authorities. "These measures constitute a direct threat to the will, identity, culture, way of life and heritage of Turkish Cypriots," the group said.

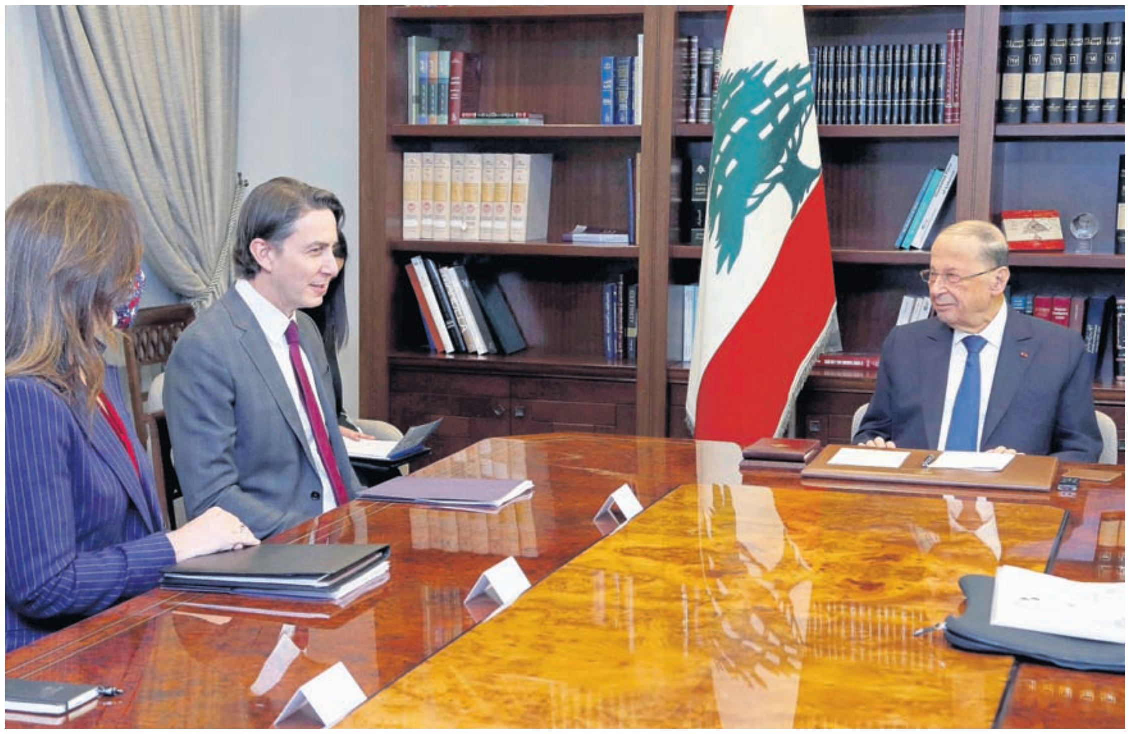

The leader of the leftist opposition Republican Turkish Party Tufan Erhurman called the deal a "protocol for the abandonment of the will" of Turkish Cypriots to govern themselves.

Lebanon urges U.S. envoy to end maritime dispute with Israel

BEIRUT (AP) — The Lebanese government invited on Monday a U.S. envoy mediating between Lebanon and Israel over their disputed maritime border to return to Beirut as soon as possible to work out an agreement amid rising tensions along the border.

The invitation for Amos Hochstein, a senior adviser for energy security at the U.S. State Department, came a day after Israel set up a gas rig at its designated location at the Karish field, which Israel says is part of its U.N.-recognized exclusive economic zone. Lebanon insists it is in a disputed area. The U.S.-mediated indirect talks between Lebanon and Israel have been stalled for months amid disagreement within Lebanon over how big the disputed area is.

Lebanon is home to the heavily armed militant Hezbollah group, which is backed by Iran and has fought several wars with Israel. Hezbollah has also warned it would use its weapons to protect Lebanon's economic rights.

On Sunday, Lebanon warned Israel not to start drilling in the Karish field and President Michel Aoun said maritime border negotiations have not ended, adding that any move by Israel will be considered "a provocation and hostile act."

Aoun's office said Lebanon formally notified the United Nations in February that Karish is part of the disputed area and that the U.N. Security Council should prevent Israel from drilling there in order "to avoid steps that could form a threat to international peace and security."

The Israeli energy ministry confirmed that the oil rig arrived Sunday, after a five-week sail from Singapore. The ministry said that the Karish field is projected to provide half of Israel's demand for natural gas and will allow greater exports to neighboring Egypt and Jordan.

Israel's Energy Minister Karine Elharrar said in an interview on Monday with Army Radio that the field was "entirely in undisputed territory" and called on Lebanon to return to indirect negotiations. "It's not even (above) the southern line that Lebanon submitted to the United Nations. Even according to the United Nations, it's not in Lebanon," she said. Elharrar added that the Israeli defense ministry is taking the necessary steps to protect the rig, without elaborating further.

Elharrar also told the 103FM radio station that the Lebanese allegations were "very far from reality" and that "all the relevant forces are involved, and I recommend not trying to surprise Israel." But she said the likelihood of conflict was small.

Satellite images on Sunday from Planet Labs PBC analyzed by The Associated Press showed the Marshall Islands-flagged Energean Power floating production storage and offloading vessel in the Karish field area of the Mediterranean Sea. Nearby was the Bahamas-flagged platform Arendal Spirit. Ship tracking data from the two vessels analyzed by the AP also confirmed the vessels' presence in the area.

On Monday, the office of Lebanon's caretaker Prime Minister Najib Mikati said that he has agreed with Aoun to invite Hochstein to return to Beirut for talks on the border dispute and "to work on concluding them as soon as possible in order to prevent any escalation that will not serve the stability that the region is currently witnessing."

Israel and Lebanon, which have been officially at war since Israel's creation in 1948, both claim some 860 square kilometers (330 square miles) of the Mediterranean Sea. Lebanon hopes to unleash offshore oil and gas production as it grapples with an economic crisis.

Last year, the Lebanese delegation — a mix of army generals and professionals — offered a new map that pushes for an additional 1,430 square kilometers (550 square miles). An official at the office of Israel's Prime Minister Naftali Bennett said "Karish is a natural gas reservoir within Israel's U.N.-recognized exclusive economic zone." The official, who spoke on condition of anonymity in line with regulations, said that the Lebanese themselves had recognized it as Israeli waters in the past.

A Lebanese legal expert said if Israel begins exploration work in Karish, the risk of conflict between the neighboring countries will increase, adding that Hezbollah's precision-guided missiles can easily hit the oil rig. "Their missiles are long-range and they are more precise in hitting these targets that are not mobile like ships and fighter jets," said Paul Morcos, founder and owner of Justicia Consulting Law firm in Beirut.

The Israeli military and ministry of defense declined to comment on whether they were taking any specific measures to protect Karish.

South African pastor found guilty of treason, racist plot

JOHANNESBURG (AP) — A South African court has convicted a pastor of plotting to overthrow the government and to kill thousands of Black people in the country.

Harry Johannes Knoesen, 61, a leader of the National Christian Resistance Movement, was on Monday found guilty of high treason, incitement to carry out violent attacks, and recruiting people to commit attacks.

Knoesen's group explored the possibility of using a biological weapon to infect and kill Black people, including the poisoning of water reservoirs supplying Black communities, according to the prosecution.

Knoesen was also found guilty of unlawful possession of firearms by the Middelburg High Court. Weapons and ammunition were found when he was arrested in Middelburg, a small town in the eastern Mpumalanga province.

The plot by the pastor's group was foiled in 2019 by South Africa's police and intelligence services, who have since dismantled the organization's cells across various parts of the country and arrested some of its leaders.

Knoesen was convicted on evidence from witnesses including members of his group who are already serving jail sentences after they were convicted of similar crimes.

The state alleged that Knoesen's plot was motivated by his "highly racial views" and that he sought to justify his beliefs on religious grounds, claiming that he was ordained to "reclaim South Africa for white people."

"To further this end, he planned to attack government institutions and more specifically police and military institutions," Monica Nyuswa, a spokeswoman for the National Prosecuting Authority, told The Associated Press.

He also identified townships and informal settlements occupied by Black South Africans as targets for attack, she said.

Knoesen allegedly used social media platform Facebook to incite violence against Black people and to recruit former members of South Africa's military to join his movement and to carry out the planned attacks. These were foiled when he was arrested in November 2019 and the cells in various parts of the country were dismantled.

In his testimony, Knoesen admitted to sharing "recipes" to manufacture explosives with his followers on Facebook, according to the Middelburg Observer newspaper.

This is not the first racist, treasonous plot to be uncovered in South Africa.

In 2013, 20 members of the right-wing white supremacy group known as the Boeremag were sentenced to prison for plotting to kill South Africa's first Black president Nelson Mandela, overthrow the government and kill thousands of Black people.

They were handed sentences ranging from five to 35 years following a 10-year treason trial, one of the longest in the country's history.

Knoesen is expected back in court on June 10 for the beginning of sentencing proceedings.

Mickelson the last to sign up for Saudi-funded golf league

Phil Mickelson, a chief recruiter for a Saudi-funded rival league to the PGA Tour, is ending his four-month hiatus by adding his name to the 48-man field for the LIV Golf Invitational that starts Friday outside London.

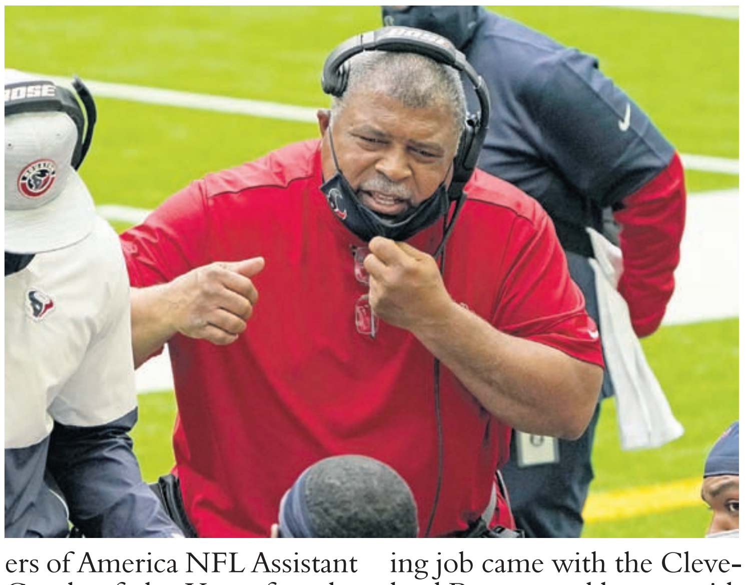

Mickelson will be joining Dustin Johnson, Sergio Garcia and three other former major champions in a 54-hole tournament at Centurion Golf Club with $25 million in prize money and $4 million going to the individual winner.
"I am ready to come back to play the game I love but after 32 years this new path is a fresh start, one that is exciting for me at this stage of my career," Mickelson said in a statement posted on social media.
Mickelson also said he would be playing the last two majors, starting June 16 in the U.S. Open at The Country Club outside Boston.
He said the "transformative" new league would allow him to focus on a healthier approach to life on and off the course. Mickelson did not mention the signing fee, which is likely to be every bit of the $125 million or more reportedly paid to Johnson.
It will be Mickelson's first time playing since Feb. 6 at the Saudi International, where he first began to draw attention to how he was leaning when he accused the PGA Tour of "obnoxious greed" in an interview with Golf Digest.
Two weeks later, Alan Shipnuck published excerpts from his unauthorized biography on Mickelson in which the six-time major champion acknowledged Saudi Arabia's human rights atrocities, including the killing of Washington Post columnist Jamal Khashoggi, but said it was worth getting involved if it meant gaining leverage to make changes on the PGA Tour.
Mickelson also said he and three other top players paid attorneys to write the operating agreement of the new league. He later apologized for what he said were reckless comments, without mentioning the PGA Tour.
But then he was out of view for four months, skipping the Masters and the PGA Championship, which he had won the year before at age 50 to become the oldest major champion in history.
Mickelson apologized again in Monday's statement, adding that he "empathizes" with those who disagree with his decision to leave the PGA Tour for a league funded primarily by the Public Investment Fund in Saudi Arabia.
"His contributions to the sport and connection to fans around the globe cannot be overstated and we are grateful to have him," said Greg Norman, the CEO and commissioner of LIV Golf Investments. "He strengthens an exciting field for London where we're proud to launch a new era for golf."
The PGA Tour did not grant releases for any of its 14 members who have signed up for the rival series, a list that also includes Louis Oosthuizen, Martin Kaymer and Charl Schwartzel.
Five other players from the Asian Tour were added as exemptions.
Even as Mickelson was the leader in trying to get players to join, his name was left off the original field list that was released on Tuesday.
The Daily Telegraph reported Johnson, at No. 15 the highest-ranked player in the world, received upward of $125 million to join.
The decision likely means the end of Mickelson's career on the PGA Tour because players who defect are likely to face suspensions for violating tour regulations by playing overseas without a release.
Mickelson has 45 career PGA Tour victories and has amassed nearly $100 million in career earnings on the PGA Tour and PGA Tour Champions. He won his first tour event in 1991 when he was an amateur at Arizona State and his most recent title last year at the PGA.
The LIV Golf Invitational is the first of eight such tournaments, with five of them scheduled for the United States, two of them on courses owned by former President Donald Trump.
At least six players in the field already have resigned their PGA Tour memberships. Kevin Na announced his decision on social media. The manager for Garcia, Oosthuizen, Schwartzel and Branden Grace said they have resigned, too.
As much as he was promoting a new concept, Mickelson appeared to be the one who caused the Saudi league to lose momentum with his interviews in February that disparaged the Saudis ("scary mother-(expletives)") and the PGA Tour ("A dictatorship. They divide and conquer.")
All the top players — including Johnson — initially pledged their support for the PGA Tour. Johnson later changed his mind.

Romeo Crennel retires after almost 40 years as NFL coach

HOUSTON (AP) — Romeo Crennel announced his retirement Monday, ending a 39-year NFL coaching career highlighted by five Super Bowl titles.

Crennel, spent the past eight seasons with the Houston Texans. He was the team's defensive coordinator from 2014-16 and assistant head coach from 2017-19. In 2020 he was the associate head coach before becoming the interim head coach following coach Bill O'Brien firing after just four games.
Crennel, who will turn 75 on June 18, worked as Houston's senior adviser for football performance last season.
He spent 11 years as a college coach before beginning his NFL career as an assistant with the New York Giants in 1981.
"Football has been my entire life and it's been a dream come true to coach for 50 years," Crennel said in a statement. "I'll miss everything about coaching and teaching, but the thing I'll miss the most is being around the guys every day.
My goal was to put every player and coach in the best position to succeed and I consider every guy I coached or worked with a part of my family."
Crennel reached the playoffs 17 times in his career, winning 13 division titles, six conference crowns and winning two Super Bowls with the Giants and three with the Patriots.
"His incredible resume and contributions to the game of football will be difficult to duplicate," Texans owner Cal McNair said.
"Romeo poured everything he had into his players and led his teams with hard work, diligence and integrity. He has impacted and influenced so many players, coaches and staff members over the last five decades and we're honored he spent the last eight seasons with us. Our organization is better because of Romeo Crennel in so many ways."
Crennel was the defensive coordinator for the Patriots from 2001-04. He was selected as the Pro Football Writers of America NFL Assistant Coach of the Year after the 2003 season when he headed a defense that allowed an NFL-low 14.9 points a game.

Crennel's first head coaching job came with the Cleveland Browns and he was with them from 2005-08. His best season as a head coach came with the Browns in 2007 when they went 10-6.

Analysis: Whatever Nadal's future holds, his legacy's secure

PARIS (AP) — Rafael Nadal's status for Wimbledon is in doubt because of a chronic problem with his left foot — as is his future in tennis. What's secure, no matter what happens now, is his legacy.

Nadal got through the French Open, he explained after a dominating 6-3, 6-3, 6-0 victory over Casper Ruud in Sunday's final earned a 14th championship at Roland Garros and 22nd Grand Slam title overall, thanks to the help of a series of numbing injections in his foot.

That, he says, was a one-time deal.

"I don't want to put myself in that position again," Nadal said after becoming, at age 36, the oldest champion in the history of a clay-court tournament that was first held in 1925. "Can happen once. But no, it's not a philosophy of life that I want to follow."

And he allowed a little insight into what does make him tick.

It's not, he said, as he's said before, an all-consuming desire to finish with more major trophies than the other members of the so-called Big Three of men's tennis, Roger Federer and Novak Djokovic. (Nadal currently stands two ahead of his rivals, who both are at 20.)

"It's not about being the best of the history. It's not about the records. It's about: I like what I do. I like to play tennis. And I like the competition," Nadal said.

"What drives me to keep going is the passion for the game, to live moments that stay inside me forever," he added, "and play in front of the best crowds in the world and the best stadiums."

So while he wants to be able to keep going, and would appreciate the chance to play at the All England Club, where the grass-court Slam he has won twice begins three weeks from Monday, he'll only do so if his body permits.

Nadal, who brought a doctor with him to Paris, is going to spend the next week trying new treatments, hoping to find a way to ease the pain in his foot.

If that doesn't work, he will need to contemplate having surgery.

"Of course, my tennis career has been a priority during all of my life, but never has been a priority over my happiness (in) life. So things are going to keep going that way," he said. "If I am still able to be happy playing tennis with the things that I have, I'm going to keep going. If I am not able, I'm going to do other stuff."

Either way, Nadal's place in the history of tennis — and, indeed, the history of sports — is solidified.

Because of all of the way he has lorded over the French Open and red clay, yes. And, sure, because of the career Grand Slam he owns and, for now at least, the lead in the men's major trophy count. Don't forget the Olympic medals and the time spent at No. 1 in the rankings, either.

But it's not just all of the numbers. There's also this: Nadal never seems to take a point off, never seems to let an on-court situation daunt him, never gives in or gives up.

"He stepped up, and he showed that when he needs to, he plays great," said Ruud, who appeared to be every bit as overwhelmed by the situation and setting as by his opponent.

"He's a player I have watched on TV for the last 16, 17 years. So to be there myself and face him, it's a bit of a challenge, as well, but a very enjoyable one," Ruud said after his debut in a Grand Slam final at age 23. "Yeah, of course, I wish I could make the match closer and all these things, but at the end of the day, I can hopefully one day tell my grandkids that I played Rafa on Chatrier in the final, and they will probably say, 'Wow, did you?'"

Whatever might come next for Nadal, he needs to figure out what's best for him, his foot, his happiness.

If he decides there's no fix for the pain that wouldn't come at too great a cost, he'll move on. His imprint on the sport will remain.

Jack Nicklaus to become honorary citizen of St. Andrews

DUBLIN, Ohio (AP) — Jack Nicklaus is returning to St. Andrews to become an honorary citizen.

Nicklaus won two of his three British Open titles at St. Andrews, and he chose the Old Course in 2005 to play his final major championship.

He already has received an honorary doctorate degree from the University of St Andrews, and now he joins truly exclusive company. The only other Americans to be awarded honorary citizenship in St. Andrews are Bobby Jones in 1958 and Benjamin Franklin in 1759.

The honor for Nicklaus was conferred by the Royal Burgh of St. Andrews Community Council, which is the equivalent of the "Freedom of the City" honor given to Jones.

Nicklaus retired from competitive golf with that final appearance at St. Andrews, his 164th major. He won a record 18 of them, including three at golf's oldest championship. He missed the cut but finished with a birdie as thousands crammed into balconies and peered through windows from hotels overlooking the Old Course.

Nicklaus said he left with great memories in 2005 and had no plans to return.

"And then they wrote and asked me if I would accept being an honorary citizen," Nicklaus said at the Memorial. "I couldn't turn that down. There's no way in the world I could turn that down, not with Bobby Jones and Benjamin Franklin the only other two Americans who have done it. So, I'm going back."

The ceremony will be on Tuesday, July 12. Nicklaus said he would not be taking part in the "Champions Challenge" on Monday of Open week, which brings together past champions for a four-hole exhibition on the first, second, 17th and 18th holes of the Old Course.

"I'm not going to play any golf," Nicklaus said. "I'm not even going to take my clubs."

St Andrews also will confer honorary doctorate degrees to golf greats Lee Trevino, Sandy Lyle, Jose Maria Olazabal, Bob Charles and Catriona Matthew.
